MURPHY IS FACING CHARGE OF CONSPIRACY.

Politician and Five Others Indicted; Income Tax Return Evasion and Coercion Alleged.

(BY A. P. NIGHT WIRE.)
NEW YORK, June 23.—Indictment of Charles F. Murphy, Tammany Hall, and five others on charges of conspiracy against the United States by falsifying income-tax returns and through criminal prosecution, was announced here today. The indictments, which were returned secretly by the grand jury yesterday, came as a great surprise.

Murphy arrived tonight at San Francisco. He was accompanied by his wife, Mrs. Murphy, and his daughter, Miss Murphy. Murphy is a prominent politician and a member of the Tammany Hall. He is charged with trying to influence the grand jury to return a verdict of acquittal in the case of a woman who had been charged with the murder of a man. Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman.

Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman. Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman.

Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman. Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman.

Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman. Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman.

Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman. Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman.

Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman. Murphy is also charged with trying to influence the grand jury to return a verdict of acquittal in the case of a man who had been charged with the murder of a woman.

DEMOCRATIC SPLIT LOOMS

DINWET-DRY CONTROVERSY

Other Issues Relegated to Background as Liquor Takes Center of Stage; Many Planks Suggested.

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, June 23.—A volunteer construction corps of platform builders was busy today whitening out planks which they believed would meet the needs of the Democratic National Convention in expressing its views as to prohibition enforcement.

Leaders, including Chairman Cummings of the national committee, were in agreement that this question would monopolize the center of the convention stage until it was settled. Cummings expressed the opinion that it would be the only issue carried to the convention floor.

Formal discussion by delegates among the anti-bone dry advocates as to how the question should be approached. They vary from the right to stand taken by Gov. Edwards of New Jersey to proposals that Congress be urged to proceed directly toward modifying the one-half of 1 per cent of alcoholic content restriction of the Volstead enforcement act so as to lift the ban from beer and light wines.

The most pronounced movement as the moonlight, however, and the one which appeared today to have taken the most definite shape, was that originating in Washington and designed to offer a basis on which anti-bone dry forces could concentrate. Personal liberty will be the slogan of advocates of this compromise plank.

Cummings was emphatic today in defining the question to be solved as not a prohibition issue, but merely expression of the party's attitude as to the Volstead enforcement act. There were numerous other issues on which there would be difference of opinion before the Resolutions Committee, Cummings thought, including proffering, the industrial plank touching relations between capital and labor, the Irish question, and others, but no present prospect that they could not be harmonized in committee.

A minority report is to be expected only on the so-called "beer plank." It was agreed, and that will throw the fight into the convention itself. The Washington enforcement plank was drafted in circles ordinarily in close touch with the administration. It is understood to (Continued on Second Page.)

URGES IMMEDIATE AWARD.

Wilson Takes Hand in Railroad Wage Hearing; Sends Message.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 23.—The Railroad Labor Board at Chicago has been urgently requested by President Wilson to expedite its wage decision. The President's message resulted from the general unrest among railroad workers over the wage question and the walkout of yardmen and other employees at Philadelphia, Baltimore and other cities. Its text was not made public, but unofficially it was described as being forceful.

INVASION OF LONDONDERRY

IS PLANNED AS TROOPS POUR INTO BELFAST; FAMINE FEAR

(BY CABLE AND ASSOCIATED PRESS.)
LONDON, June 24.—A dispatch to the London Times from Belfast timed 11:30 o'clock Wednesday evening says troops are pouring into Belfast and that some of them have started for Londonderry.

LONDONDERRY, June 23.—Five Sinn Feiners were killed by machine-gun fire employed to cover the removal of several Protestants from Barracks street tonight, according to a military statement.

In addition to erection of barricades, trenches have been dug in some of the streets within the battle zone. A special train carrying two companies of soldiers arrived at the Great Northern Railway station tonight. The county inspectors announced troops were leaving Belfast for this city.

Tonight firing again broke out in Bishop street and there was vigorous sniping from the hill overlooking the city. A detachment of soldiers moved to the spot and soon the firing ceased. A military field kitchen returning from its rounds conveyed three soldiers with heads and arms bandaged.

No bread was delivered in the city this week. Holes and holes are running short of supplies. No gas is being produced at the gas works, and when the present supply is exhausted the city will be without lights.

NO ONE IS SAFE.
The outside world has little idea of the state of terror Londonderry has been experiencing since last Friday. The casualty figures from day to day are alarming enough, but they picture only the shadow of the grim reality. The truth is none of the 40,000 inhabitants has been safe since the rising began in the city.

The city is virtually controlled by extremists of the Unionists and Nationalists, who brook no compromise. They fire volleys down the streets without warning, and the civilians are put in a state of panic, salving only when the procurement of food becomes absolutely necessary. Many shops have closed on both sides.

Meanwhile trouble had broken out on an extensive scale in the region of Lanyon street and Bishop's Gate. Sinn Feiners occupying positions in roofs sniped at Unionists. The soldiers and police were unable to dislodge them.

POLICE DESIST.
The police in Bishop-street barracks, within the battle zone, virtually were besieged. Many houses by the roadside which it was reported some were killed.

A constabulary named McKenna was killed a day or two ago in his own door. A bullet entered his breast, a bullet was summoned and while he administered the last rites he was suspended.

Among today's casualties was an elderly man named Whitehead, who was accompanied by his son and daughter. They were passing through Bishop street. All of them were shot.

Helpers were busy until 1 o'clock this afternoon and contingents of troops had to be moved into various streets, which until then were impassable to civilians.

The streets had the appearance of a battle ground. Bandages were thrown up, with many soldiers of (Continued on Third Page.)

GUATEMALA IS RECOGNIZED.

(EXCLUSIVE DISPATCH.)
WASHINGTON, June 23.—What amounts to recognition of the new government in Guatemala, although it is not formal recognition and is not called by that name, has been decided on by the United States.

This government has reached the conclusion that the present government in Guatemala is the legitimate and constitutional successor of the former administration, and has instructed Branton McMillan, the American Minister in Guatemala City, to "maintain" the good relations which have existed between the United States and Guatemala.

Former President Cabrera, who has been ruler of Guatemala for more than twenty years, with two exceptions, a record for length of such service in Latin American "dictator" from the Presidency after an uprising against his control by the Unionists. Formal action was taken by the National Assembly in declaring him incompetent to continue in power and in the selection of Carlos Herrera as successor.

POPULATION OF PHILADELPHIA 1,823,158; ROCHESTER BOOMS.

(BY A. P. NIGHT WIRE.)
WASHINGTON, June 23.—Philadelphia's population was announced tonight by the Census Bureau as 1,823,158, showing that the country's third most populous city had maintained during the last ten years the steady rate of growth it has had since the first Federal census in 1790.

The numerical increase for the ten years was 274,150, the second largest of any decade in the city's history, surpassing that of the ten years ending with 1910 by almost 20,000.

Philadelphia's percentage of increase was 17.7, which was slightly lower than the rate made by New York. Philadelphia's percentage of increase for the last ten years was 2 per cent less than in the decade 1890-1910.

In 1790 the census showed Philadelphia ranking as second city of the country, with 4890 less inhabitants than New York, the largest city, with a total population of 28,522. Philadelphia's population passed the 100,000 mark with the 1850 census, the 500,000 mark in 1890, the million mark in 1890, and in 1910 was 1,549,000.

ROCHESTER, N. Y., BOOMS.
Rochester, N. Y., the twenty-fifth largest city ten years ago, had an increase larger both numerically and relatively than ten years ago, its total population being 235,850 and its numerical increase 77,701, being the largest in its history, while its relative growth showed an increase of 1.4 per cent over that of ten years ago, the rate for the past decade being 3.8 per cent.

Rochester's increase ranks it above Louisville and between Jersey City, N. J., and Portland, Or. Until the populations of Kansas City, Mo., and Providence, R. I., have been announced, the rank of Rochester and other cities of about its size cannot be determined.

OTHER CENSUS FIGURES.
Other figures announced by the Census Bureau today were: Wilmington, Pa., 24,408; an increase of \$479, or 33 per cent; New York, N. Y., 3,915,551; an increase of 139,400, or 3.5 per cent; Anaconda, Mont., 11,668; an increase of 1534, or 15.1 per cent.

Carter Glass, Wilson's Spokesman, Confers With Homer Cummings.

DEMOCRATS FACE WET-DRY BATTLE

Controversy Likely to Cause Split in Party.

Other Issues are Relegated to Background.

Many Planks are Suggested by Faction Leaders.

(Continued from First Page.)

have been drawn from the personal liberty angle, and to advocate in general terms a liberalization of the Volstead act. Specific mention of wine, beer or any other beverage by name was omitted.

The plank will be put forward as representing the opinion of many Democrats and Representatives, and in the hope of being able to claim for it the backing of President Wilson himself. It was drawn after conference in which more than one member of the Cabinet showed up, and to which anti-bone dry Senators took a leading part.

Avoidance of specific mention of beverage, proponents of the Washington plank argued, and an appeal for an enforcement policy more in harmony with American ideas of personal liberty would serve to prevent alienation of sentiment which a more direct approach might push into the bone dry ranks. By such a source also, it was added, the party's stand could be in strict accordance with the ruling of the Supreme Court confirming the authority of Congress to fix permissible alcoholic content under the prohibition amendment.

QUOTE BURLESON.

It was questionable tonight whether any direct reference to the Volstead act would be urged on the platform. There are those who think the plank to be urged by the anti-bone drys, however, is expected, whatever it may say, to rap the Republican Congress sharply for enactment of the

enforcement measure in its existing form. Probably, it was said, the attitude of Postmaster-General Burleson in his statement at San Antonio yesterday amounting to "abundant" provisions of the Volstead act and contending that they were calculated to defeat the purpose of the prohibition amendment would be reflected in the platform language proposed.

A new source of discussion arose today in connection with convention procedure. It had to do with determining whether the platform should be adopted before or after the Presidential nominee has been selected.

Chairman Cummings apparently has had the question up with managers of various candidates and found their views to differ. Some of the workers for this or that candidate profess to see strategic advantages for their man in one course or the other. The national chairman did not share their views, but to promote harmony will call the campaign managers into conference on the eve of the convention to see if satisfactory program cannot be arranged in advance.

There is a strong desire to expedite the convention's work as much as possible. Steps to limit nominating or at least seconding speeches are under consideration. If a fourth or more men are to be nominated and seconded the delegates will get more than their fill of oratory, it was said.

MAY RAILLOT FIRST.

There were intimations that Cummings expected the report on platform to be deferred until after the balloting on nominees. This would permit the convention to proceed with nominations while the wrangle over platform issues was in progress. It has been done before in Democratic conventions and is desirable in the opinion of some of those responsible for arrangements, because of the purely mechanical question of thought of fitting issues to candidates or the other way round was in mind among the leaders, nor any view that nominees were more important than platform expressions.

Headquarters of various candidates seized the opportunity to express views on the question tonight. Senator Owen of Oklahoma, first of the men formally in the race for nomination, issued a statement opposing any plan to name the standard bearer of the party before the platform had been adopted.

"The Democratic convention," he said, "should enunciate the principles of the party and the candidates should be prepared to support these principles."

At headquarters for Atty.-Gen. Palmer it was said his forces were "indifferent" regarding the course to be followed.

Senator Carter Glass of Virginia, choice of administration leaders for chairman of the Democratic National Convention, left here last night for San Francisco. The party, which includes delegates, is traveling by special train.

OMAHA (Neb.) June 23.—Nebraska's delegation to the Democratic National Convention at San Francisco left this morning.

"It is evident that an eastern Democrat cannot be elected this year," said Charles W. Bryan. "The Democratic candidate must be a western man and if the right one is chosen, he can be elected."

TAMMANY MEN GOING AFTER TUNA TODAY.

SCOUT THEORY THAT MURPHY INDICTMENT MAY PROVE ELECTION FORCE.

The Tammany Hall delegation to the Democratic National Convention will turn its attention from tigers to tuna today, while making a trip to Catalina. Yesterday the New Yorkers visited the Ostich Farm, Pasadena, and the cinema studios at Hollywood. There are 125 members in the party, and they have been guests of the Chamber of Commerce for several days.

Thomas F. Smith, a State Senator from New York, who is a prominent member of the delegation, declared last night in commenting upon the situation, that the indictment of "Boss" Murphy of Tammany Hall will have no effect upon the election. He asserted that an indictment is not in any sense proof of guilt and that it merely involves a business transaction in Mr. Murphy's case.

Three prominent South Carolina Congressmen arrived yesterday on their way to the convention. They are R. W. H. Williams, James F. Byrnes and F. H. Dominick.

"Bud" Nibbel, a Providence, R.I., congressman who is regarded as a conspicuous figure in Southern Democratic politics, reached this city yesterday.

The Kansas delegation arrived tonight. Tomorrow morning at 4 o'clock the Indiana delegation will come in. The local Indiana State Society desires to give them an auto ride and is calling upon all former Hoosiers to volunteer their services.

HELENA (Mont.) June 23.—Support for United States Senator Thomas J. Walsh of Montana for permanent chairman of the Democratic National Convention was proclaimed by William J. Bryan here today. Bryan made his statement at a stop here en route to San Francisco.

DENIES DICTATION.

CHICAGO, June 23.—Bainbridge Colby, Secretary of State and delegate to the Democratic National Convention, who stopped off in Chicago today on his way to San Francisco, denied that he was taking any of President Wilson's dictums to the convention.

"President Wilson has too much respect for his party to attempt to intrude his ideas or force his ideas upon the party in an open convention," Mr. Colby said. "I have had many conferences with the President, but we have not discussed a thing in terms of his or candidates for the Presidency."

"Personally, I believe the convention will be singularly free from any attempt to impose a statement of influence its deliberations or to give direction to its action," Colby said. "I am sure there would be some allusion made to the Treaty of Versailles and the League of Nations, but as far as I am concerned personally, I believe that the party should go before the people with a definite stand for the adoption of the treaty," the Secretary said.

"I am for the League of Nations without any reservations," because the language of the document "is quite clear," Secretary Colby is a delegate-at-large from the District of Columbia. He emphatically denied that he was taking along a second place boom in his own behalf.

There is absolutely nothing in any talk that I may be a Vice-Presidential candidate," he declared.

A party Virginia, passed through Chicago today bound for San Francisco to urge the nomination of Senator Carter Glass as the Democratic candidate for President.

The party included Frederick W. Scott, member of the finance committee of the Railroad Administration; John Stewart Bryan, editor of the Richmond (Va.) News Leader; Thomas S. McAdoo, Richmond, vice-president of the American Bankers' Association; Armistead M. Dobbie, a professor at the University of Virginia; J. W. Craddock of Lynchburg, and Buford Scott, Richmond.

KANSAS CITY, June 23.—In a telegram sent from Pueblo, Colo., from the train leaving Kansas City delegates to the Democratic National Convention, Burris A. Jenkins, Kansas City clergyman and publisher, announced that he has definitely decided to place the name of W. G. McAdoo before the Democratic National Convention for the Presidential nomination.

NEW YORK, June 23.—William G. McAdoo declared today that in telegraphing Burris A. Jenkins yesterday he had done everything in his power to persuade the Kansas City minister and publisher not to present his name to the San Francisco convention for the Democratic Presidential nomination.

"What more can I do?" he asked, after reading Mr. Jenkins' reiterated declaration that he would nominate Mr. McAdoo, either with or without his consent.

In a written statement, Mr. McAdoo branded as false the report of a New York newspaper, which declared he would not make the Presidential race because of ill health. The statement says:

"My attention has just been called to the statement that I have tuberculosis. It is amazing that any reputable newspaper or individual would be guilty of such a wanton falsehood. There is not a shadow of foundation for such a statement. It would be impossible for me to publicly characterize such despicable methods."

COX BOOMERS.

BALT LAKE CITY, June 23.—Two trains of ten cars each, known as "Cox specials," carrying about 400 delegates to the Democratic Convention at San Francisco, arrived in Balt Lake today. After a ten-hour stop the party, which includes Ohio delegates to the convention, will proceed to Los Angeles.

Delegations to the convention from New Jersey, Alabama, Indiana, Illinois and Massachusetts, were in Balt Lake City today. The New Jersey delegation is under the leadership of Mayor Frank Hague of Jersey City and the Alabama delegation under the head of Gov. Kirby of that State.

DALLAS (Tex.) June 23.—Declaring their intention to cast forty votes on the first ballot for William G. McAdoo for the Presi-

dential nomination, the Texas delegates to the Democratic National Convention left here last night for San Francisco. The party, which includes delegates, is traveling by special train.

It is evident that an eastern Democrat cannot be elected this year," said Charles W. Bryan. "The Democratic candidate must be a western man and if the right one is chosen, he can be elected."

YALE CONFERS DEGREES ON WORLD-FAMOUS MEN.

Gen. Pershing, British and French Ambassadors Among Those Honored; \$500,000 Gift to Cornell.

NEW HAVEN (Ct.) June 23.—Gen. Pershing was the notable figure to the citizens of this city today when he marched in the procession which traditionally precedes the commencement exercises of Yale University in Woolsey Hall.

Gen. Pershing walked with former President Taft, and other candidates for honorary degrees immediately followed.

At its two hundred and nineteenth commencement exercises in Woolsey Hall today Yale University conferred the following honorary degrees of doctors of law:

John Joseph Pershing, who commanded the American Expeditionary Force; Thomas Dewitt Cuyler, Railroad Administrator and war-time chairman of the Association of Railroad Executives; the Rt. Hon. Sir Auckland Geddes, British Ambassador to the United States, and Jean Adrien Antoine Jusseland, French Ambassador to the United States.

Prof. William Lyon Phelps, in presenting the degree to Ambassador Geddes, said:

"The most essential factor in establishing the future peace of the world is absolute harmony and sincere friendship between Great Britain and the United States. All who speak the English language are members of one family. Today Yale honors her friend in the person of a man who has been a friend, a neighbor, a brother, and in blood, a brother."

Dr. Gen. Pershing, Prof. Phelps said:

"His career is a matter of public record; every American should hold his name in honor. Modest, steadfast, far-seeing, inflexible, he was a true leader; for he had always loved his country better than himself. Caring little for the honors of the world, he had but one purpose—the success of the cause. If he had failed, we might not be here today as free."

PARTMOUTH HONORS HOOVER.

HANOVER (N. H.) June 23.—Dartmouth College at its 144th commencement exercises today conferred the honorary degree of doctor of laws upon Maj. Gen. George W. Goethals and Herbert Hoover.

In the eighteen years of his service as French Ambassador, M. Jusseland has made every American acquaintance a personal friend."

"His career is a matter of public record; every American should hold his name in honor. Modest, steadfast, far-seeing, inflexible, he was a true leader; for he had always loved his country better than himself. Caring little for the honors of the world, he had but one purpose—the success of the cause. If he had failed, we might not be here today as free."

ILLINOIS BOURBONS WILL FIGHT FOR MOIST PLANK.

Forty-two of Fifty-eight Delegates Work With Tammany; All Against Bryan; Not Interested in League.

BY E. O. PHILLIPS. (EXCLUSIVE DISPATCH.)

ABOARD CHICAGO SPECIAL, SALT LAKE CITY, June 23.—Illinois Democratic leaders want a moist plank in the San Francisco platform and will fight for one to the limit of their strength. That is the decision of forty-two of the Illinois delegates as polled informally this morning in a conference in the club car of George Brennan's train de luxe.

Congressman A. J. Sabath, slated for Illinois member of committee on resolutions, will enter the platform-making under instructions to go the limit in securing a party declaration favorable to a light wine and beer amendment to the Volstead act.

The delegation is not unanimous on this, however, and the program indicated is subject to change by the formal caucus of the entire membership from Illinois at 3 o'clock Sunday afternoon. Today's unofficial poll of the fifty-eight delegates that at least two are ready to vote for the moist plank as outlined. The majority includes seven of the eight delegates-at-large and all of the thirty district delegates from Cook county.

ALL AGAINST BRYAN.

The drys come entirely from the Congressional districts south of Bloomington. However, the drys are in perfect accord with the moists that there is nothing to the demand of Bryan that there be a Democratic article of faith that specifically mentions the Eighteenth Amendment. Bryan will not get a single vote out of Illinois for such a proposal, in the opinion of delegates on this train. There is no more reason for specially reserving the Eighteenth Amendment than there is for the Fourteenth or the First, or the Declaration of Independence, was the comment of one of the conspicuous drys.

The men from the southern part of the State, however, are taking the position that there is no political sense or necessity in putting them and the party up against any sort of a test that would precipitate a record line up. They want the Chicago leaders to recede from insistence upon even a moist plank, and they say that with the chances better than ever for the nomination of a Presidential candidate of recognized liberal opinions the necessity for any kind of a platform statement on the liquor issue materially declines.

The Chicago Democrats bank heavily upon corraling the wet vote in Cook county for their county ticket, and the area stripped of a single fight on the proposal outlined "boys. They know that they will have the co-operation of the New York and the Massachusetts delegations for local reasons identical with their own, as they will hit San Francisco tomorrow night all set to whop her up for a moist platform. The Illinois will not be greatly disturbed by whatever is said in the platform concerning the League of Nations. This morning's conference determined to go along with anything that is proposed, and it was definitely agreed that no objection will be entered to the "Virginia Idea," which is understood aboard the train to be what President Wilson wants.

For the first time in fifteen years there is no contest of any kind from the liquor issue materially declines.

For the first time in fifteen years there is no contest of any kind from the liquor issue materially declines.

ILLINOIS BOURBONS WILL FIGHT FOR MOIST PLANK.

Forty-two of Fifty-eight Delegates Work With Tammany; All Against Bryan; Not Interested in League.

BY E. O. PHILLIPS. (EXCLUSIVE DISPATCH.)

ABOARD CHICAGO SPECIAL, SALT LAKE CITY, June 23.—Illinois Democratic leaders want a moist plank in the San Francisco platform and will fight for one to the limit of their strength. That is the decision of forty-two of the Illinois delegates as polled informally this morning in a conference in the club car of George Brennan's train de luxe.

Congressman A. J. Sabath, slated for Illinois member of committee on resolutions, will enter the platform-making under instructions to go the limit in securing a party declaration favorable to a light wine and beer amendment to the Volstead act.

The delegation is not unanimous on this, however, and the program indicated is subject to change by the formal caucus of the entire membership from Illinois at 3 o'clock Sunday afternoon. Today's unofficial poll of the fifty-eight delegates that at least two are ready to vote for the moist plank as outlined. The majority includes seven of the eight delegates-at-large and all of the thirty district delegates from Cook county.

ALL AGAINST BRYAN.

The drys come entirely from the Congressional districts south of Bloomington. However, the drys are in perfect accord with the moists that there is nothing to the demand of Bryan that there be a Democratic article of faith that specifically mentions the Eighteenth Amendment. Bryan will not get a single vote out of Illinois for such a proposal, in the opinion of delegates on this train. There is no more reason for specially reserving the Eighteenth Amendment than there is for the Fourteenth or the First, or the Declaration of Independence, was the comment of one of the conspicuous drys.

The men from the southern part of the State, however, are taking the position that there is no political sense or necessity in putting them and the party up against any sort of a test that would precipitate a record line up. They want the Chicago leaders to recede from insistence upon even a moist plank, and they say that with the chances better than ever for the nomination of a Presidential candidate of recognized liberal opinions the necessity for any kind of a platform statement on the liquor issue materially declines.

The Chicago Democrats bank heavily upon corraling the wet vote in Cook county for their county ticket, and the area stripped of a single fight on the proposal outlined "boys. They know that they will have the co-operation of the New York and the Massachusetts delegations for local reasons identical with their own, as they will hit San Francisco tomorrow night all set to whop her up for a moist platform. The Illinois will not be greatly disturbed by whatever is said in the platform concerning the League of Nations. This morning's conference determined to go along with anything that is proposed, and it was definitely agreed that no objection will be entered to the "Virginia Idea," which is understood aboard the train to be what President Wilson wants.

BRYAN REVIEWS THE CANDIDATES

Writes in "Commoner" on Democratic Timber.

Declares Wilson Need not be Considered.

Predicts Fight Over League and Liquor.

(BY A. P. DAY WIRE.)
LINCOLN (Neb.) June 23.—Discussing possible Democratic candidates for the Presidency, W. J. Bryan in an article in his newspaper, The Commoner, published today, declares that former Secretary of the Treasury, McAdoo is handicapped as a candidate by his close relationship with the President, while President Wilson himself, he says, need not be considered.

Asserting that McAdoo also is handicapped by his silence on the peace treaty, Bryan declares McAdoo is unable to call to his support those to whom the President's candidacy appealed with special force, and that he would furnish an easy mark for all of the President's enemies.

The article says, however, that McAdoo has considerable strength among wage-earners.

Referring to President Wilson, Bryan says: "While vague hints and suggestions have been thrown out occasionally, no one claiming to speak for the President or near enough to him to be assumed to express his wishes, has announced his candidacy."

HOOPER ELIMINATED.
Herbert Hoover is eliminated from the list of candidates whom Bryan considers available, while Senator Owen of Oklahoma, and Secretary of Agriculture Meredith are described as being among the few available men.

To be available this year, Bryan asserts, a candidate must be known to be for woman suffrage, for prohibition and against Wall street.

As to Atty.-Gen. Palmer, Bryan says: "He entered the campaign in a position to deal sternly with the profiteer and an expectant public stood ready to applaud, but the profiteer seems to have things all his own way and the Attorney-General is now suffering from the reaction."

He adds that the Attorney-General is unfortunate, too, in having to espouse the ratification of the treaty without reservations.

Former Speaker Clark of the House of Representatives is mentioned as having his own State behind him, while opposition to Gov. Edwards of New York and Gov. Cox of Ohio is reiterated.

"Gov. Cox's friends," the article declares, "will urge him as a compromise between the wets of the Edwards type and the bone dries."

Vice-President Marshall is accused of making a feeble bid for the wet vote.

Judge Gerard's candidacy has South Dakota's support and he has many personal friends among other delegates," Bryan says.

PREDICTS LEAGUE FIGHT.
Prediction that the Democratic National Convention at San Francisco will witness a fight over the peace treaty, the profiteer and the liquor issue is made in another article by Bryan in the Commoner.

"The overwhelming opposition to the policy of ratification without reservations as shown by the vote at the primaries," he asserts, "will probably defeat any effort to make the treaty an issue in the campaign."

The article also says the Democratic platform is certain to declare against universal compulsory military training, that the convention will have to deal with the subject of private monopoly, that the Democratic party will insist upon the tollers right to equal treatment and that woman suffrage will be inducted.

STATE BOARD GIVEN FLOOD CONTROL PLAN.
LOS ANGELES COUNTY SEEKS ADEQUATE APPROPRIATION FROM 1921 LEGISLATURE.

(EXCLUSIVE DISPATCH.)
SACRAMENTO, June 23.—(Superior R. F. McClellan of Los Angeles, and J. W. Reagan, chief engineer of the Los Angeles Flood Control District, conferred today with the State Board of Control with regard to the enlargement of the county's flood control plan and the securing of an adequate appropriation from the 1921 Legislature.

While no definite amount of money was mentioned for the plan, McClellan and Reagan informed the board that Los Angeles county, with one-fourth the assessed valuation of California is entitled to substantial aid from the State. To support their contention they filed with the board a map showing the comparison of the assessed valuation of ten Northern California counties to that of Los Angeles county.

It was explained that the plan is to use the money obtained from the State in completing the flood control work from a point about twelve miles from the ocean below to where the State and government have done their work. They said this work is necessary to protect the agricultural lands along the Los Angeles and San Gabriel Rivers.

Murder Leads to Police Raid.
ST. JOSEPH (Mo.) June 23.—Parts of an iron bedstead corresponding with bed rails attached to a woman's headless body found in Lake Contrary several days ago have led to the arrests of seventeen negroes.

The bed parts were found in the negro rooming-house district. The police made a general raid on the section. The seventeen are held for investigation.

SINN FEINERS SLAIN IN FIGHT.

Civil War Rages in Londonderry; Many Wounded.

Lawless Elements Practically Rule the City.

Troops are Arriving to Take Hand in Affair.

(Continued from First Page.)

most in a state of exhaustion after the night's vigil.

Newly-arrived troops were welcomed enthusiastically by the population. The hospitals in Londonderry are filled with wounded, mainly sniping casualties. The newspaper staffs are besieged most of the day in their offices. Movement is comparatively safe in one or two districts, but many of the residents in one section have had to leave their homes at the mercy of the mob.

LAWLESSNESS INCREASES.
(BY CABLE AND ASSOCIATED PRESS.)
LONDON, June 24.—The situation at Londonderry is going from bad to worse, according to the Belfast correspondent of the London Times, who adds:

"The gravest aspect of the position is that Derry is rapidly becoming a mere incident in a much larger setting. For three days reports have stated that Sinn Feiners from the northwest were concentrating for an attack on the city, and it is not improbable.

"For the first time very large bodies of lawless elements in the city possess deadly weapons and plenty of ammunition; for the first time the whole city is involved, and not merely a restricted area where the factions live. For the first time the principal victims have been inoffensive people, who have been shot down, not for political or sectarian reasons, but in weakness. The lawless element over a wide area is being drawn into the conflict, while those who hitherto have held aloof from any battles are surely coming to the conclusion that they must take weapons.

"The proceedings at Derry possess every element of civil war without any interference worthy of the name from the forces which the government is supposed to control."

FIGHTING CONTINUES.
The fighting in Londonderry still was on at 8 o'clock tonight, according to a Central News dispatch from that city.

Machine guns then were in action. The city, said the correspondent, was evidently in for another night of terror.

A dispatch from Strabane says hundreds of Loughneer Derrys are arriving in the counties of Tyrone and Donegal. Unionists held the road from Carrigan to Derry, and are entrenched in Prehenwood.

There is a movement in other northern towns, says the dispatch, to join in if the Derry riots continue.

The descent of Sinn Feiners en masse from the countryside, answered or preceded by a large movement in Ulster, either of which seems possible at any time, will immediately precipitate matters in such a way that the military forces may be engulfed.

"Unionists are said to be pouring into the city bent on vengeance, but there is also an exodus of people from the city by road and train. It is reported that artillery has arrived."

In another dispatch the Belfast correspondent of the Times says it is stated on good authority that as soon as the necessary reinforcements have arrived Londonderry will be surrounded and disarmed.

COUNCIL'S MANIFESTO.
(BY CABLE AND ASSOCIATED PRESS.)
DUBLIN, June 23.—There was no notable change today in the situation on the railway lines in this region caused by the refusal of the railwaymen to Lendie munitions or operate trains with troops on board, although the determination recently displayed by the men not to move trains that were boarded by the police was causing additional inconvenience.

For several days the government has been directing that the police board the train at Cloughjordan for Dublin.

Are Your Teeth Bothering You?

WHEN your teeth are bothering you, the first step is to find out what the trouble is. You must go to a dentist, get him to examine your mouth and give you advice.

A mistake in advice leads to all sorts of trouble, so it is highly important to get good advice in the beginning.

Registered Dentists using the E. R. Parker System examine and treat so many patients that the advice they give is founded upon much experience. The man who does things over and over many times becomes very skillful, and you can depend upon what he says and does.

If your teeth are bothering you, go to any E. R. Parker System office and have them examined without charge. You will find prices moderate for any work you need.

Good advice, if followed, always leads to good results.

CITY'S ROTARY IN HONOR ROLE.

Los Angeles Delegates Lead Convention Pageant.

President Burgwald Yields Fight to Edinburgh.

Gathering Next Year May Come Here Anyhow.

(EXCLUSIVE DISPATCH.)

ATLANTIC CITY, June 23.—Hugo M. Burgwald, president of Los Angeles Rotary, and foremost leader of the Pacific Coast delegations to the eleventh annual convention of the International Association of Rotary Clubs, now convened here, sent word this afternoon to headquarters that Los Angeles would drop out of the race for the convention for next year.

President Burgwald gave as a reason the strong contention of Edinburgh, Scotland, for the action of the Los Angeles delegation caused a stir among the Pacific Coast delegations which were backing Los Angeles to the limit.

Even Pasadena, which put in a bid, retired in favor of Los Angeles. Yesterday Boston and the New England delegation turned its support to Los Angeles.

President Burgwald declined to state why his abandonment of the campaign for the 1931 convention took the unexpected turn, other than by asserting that he did not want to outbid the Edinburgh contingent for the honor if the Scottish city really wanted it.

PAGEANT BIG ONE.

Even with this official statement before the convention the gathering may be given to Los Angeles on a silver platter. It is possible that if Edinburgh does not get the honor Los Angeles will.

The Los Angeles delegation was given an honor place in the gigantic pageant this afternoon. Accompanied by a band this delegation attracted marked attention everywhere. The marchers were showered with flowers as they completed the spectacle which lasted for upwards of an hour. Ladies of the Los Angeles delegation were signally honored when they were requested to act as hostesses to Mrs. Albert S. Adams, wife of the international president, who comes from Atlanta.

Tonight the ladies accompanying the Los Angeles delegation will be dining by other visiting Rotarians. They will reciprocate in a splendid dinner to be given at the general headquarters tomorrow night.

BEACH ATTRACTIVE.

The beach today was alive with the Rotarians' delegation. Many of the ladies attending the convention appeared in fashionable bathing costumes. The band accompanying the delegations supplied the music at the beach was transformed into an improvised dance hall.

At today's session the 12,000 delegates were pleased with the address of Capt. Clarence MacKinnon, ex-chaplain of the Canadian Expeditionary Force during the war. Capt. MacKinnon said that a Rotarian owes his government his loyalty above everything else. He urged the visiting Rotarians from seven nations to carry this message home and spread its gospel.

Rotarian John Delph of Washington, chairman of the committee on boys' work, declared in his address that growing mankind should receive the support of the Rotarians to better educate themselves. He urged the delegates to support child labor laws.

PUBLISHES LETTER ON IRISH FREEDOM.

FRANK P. WALSH DECLARES IT WAS WRITTEN FOR HIM BY SENATOR HARDING.

(BY A. P. MORTIMER.)

KANSAS CITY, June 23.—Frank P. Walsh, former chairman of the Federal Industrial Relations Commission, tonight made public what he said was a letter of Senator Harding, Republican Presidential nominee, wrote to him, expressing a very sympathetic feeling for the movement to bring about the independence of Ireland. Senator Harding's letter, as given out by Walsh, dated March 1, last, said:

"I have a very strong conviction myself of the very great part played by the Americans of Irish birth and ancestry in the winning of our own great United States. More than that, I have a very great sympathetic feeling for the movement to bring about the independence of Ireland and the establishment of Irish nationality, which is the national aspiration of any liberty-loving people."

"I must confess I did not think well of the insincere demonstration in the Senate recently in handling a reservation in behalf of Ireland in the reservations of the League of Nations treaty."

"The insincerity of it was made manifest when sixteen Senators who promised the Irish reservation reduced to vote for the treaty after it was incorporated. I had the satisfaction myself of casting a favorable vote after the incorporation was made."

Walsh also made public a letter to Senator Harding asking the Senator to "correct the erroneous impression which may have been created by the qualified denial of yourself and secretary that such a letter had been written by you."

SENATOR JOHNSON RETURNS TO HOME.

(BY A. P. MORTIMER.)

SAN FRANCISCO, June 23.—Senator Johnson of California returned to his home here tonight after attending the Republican National Convention at Chicago.

He said he was unwilling to discuss the political situation and that he was not at all downcast by the result of the Chicago convention. He was accompanied by Mrs. Johnson.

SAYS WILSON BOSSES PARTY.

Senator Penrose Declares Officers will Rule.

Predicts Convention will be One of Intimidation.

Accepts Place on National Executive Committee.

(EXCLUSIVE DISPATCH.)

PHILADELPHIA, June 23.—"The Democratic convention in San Francisco will be the worst-bested political body ever assembled in this country," according to Senator Penrose.

"Six Cabinet officers and other 'pay-roll statesmen' all based from the White House, and a platform committee appointed for the purpose of a convention of intimidation in which the delegates, largely officeholders, will take orders from Washington," the Senator says.

All of that is contained in a statement issued by the senior Senator from Pennsylvania, who with the announcement that he had accepted the place on the Republican National Executive Committee offered by Will H. Hays, chairman of the national committee.

Hays sent to Senator Penrose this telegram:

"With the unanimous approval of Senator Harding and the subcommittee appointed for the purpose you have been selected a member of the Republican National Executive Committee. I fully recognize the importance of the duties devolved upon the committee and I expect to give my full time to the work in a very short while. I have had a prolonged illness as you know, but am practically restored to rugged health and shall hope to see you at an early date."

The statement issued by Senator Penrose in conjunction with the announcement of the acceptance of the Executive Committee seat, reads in part:

"In the coming campaign there will be no progressive Republicans or any other sort of Republicans, other than Harding Republicans."

"The work of organizing the voters for the ticket will be started at once. Personally, I am in favor of extending this organization to the Southern States, where unpopularity of the Wilson administration is as pronounced as it is elsewhere. I look for the election of the Republican ticket by a landslide vote."

STRANGER RETURNS HARDING'S DOLLAR.

(EXCLUSIVE DISPATCH.)

WASHINGTON, June 23.—Years ago a stranger down on his luck entered Senator Harding's newspaper office at Marion and asked the future Republican Presidential nominee to stake him for a meal. Mr. Harding gave him a dollar.

Today the stranger received a check for \$1 inclosed with the following letter from Rochester, Pa.: "Dear Senator Harding: It is not my intention to owe a President of the United States anything except my admiration and good will; therefore I inclose my check for \$1. Some years ago, in your private office at Marion, I borrowed the \$1 for reasons you know. It helped at a time when work was scarce and money scarce. I am pleased to note the Senator en route to the White House."

JAP FISHERMEN STIR CAPITAL.

Government Officials Concerned Over Activities.

Monopolize Industry on Southern California Coast.

Hope Senator Phelan's Bill will End Menace.

BY ROBERT B. ARMSTRONG.

(EXCLUSIVE DISPATCH.)

WASHINGTON, June 23.—Reports

are now arriving at the United

States Bureau of Fisheries and the

United States Bureau of Navigation

concerning the activities of the

Japanese fishing vessels off the

Southern California coast. It is said

the yellow men have driven American

fishermen out of the fishing grounds, and

are operating in violation of maritime

law, which forbids all vessels

not American ships from operating

in American fishing waters. They are

so reported to be destroying the

food fish supply by catching great

quantities with nets and selling the

baile for further.

Government bureaus here are

concerned over the situation and of-

ficials said today every effort would

be made at the December session to

put through the bill advocated by

Senator Phelan, which provides a

fine of \$500 for arrival at any

American port of a fishing vessel not

documented as an American ship.

Enactment of this measure will drive

the Japanese out of the California

fishing grounds.

Chief Clerk Little of the Bureau

of Navigation said today:

"The bureau is now informed on

the situation. The United States

collector at Los Angeles is investi-

gating the matter. American rights

must be preserved in these fisheries.

The Phelan bill will pass at the next

session and will immediately correct

a situation which threatens the Cal-

ifornia food fish supply."

Commissioner of Fisheries Hugh

M. Smith said that the Bureau of

Navigation has complete charge of

the California fishing grounds and

while the fisheries bureau is, of

course, interested in seeing that

the California fish supply is pre-

served, that his bureau is power-

less to curb the Japanese fishermen.

Commissioner Smith said that an

appropriation of \$10,000 will be asked

at the next session for an experi-

ment station at San Pedro where

fishermen and fishermen can receive

instructions in preservation and utili-

zation of the California fish, es-

pecially surplus catches.

Senator Phelan, it is said, will in-

troduce a bill for the appropriation

and the Department of Commerce

will back it in December.

Pending passage of Senator

Phelan's bill penalizing operation

of Japanese vessels in the California

fisheries the collector of customs and

United States Attorney at Los An-

geles have been instructed to do

what they can to stop the latest

Japanese commercial menace.

Sore, Itching Broken-Out Skin Needs Poslam

If there are any raw, broken-out places on your skin that burn, itch and aggravate, apply Poslam right on them. It cannot harm—and enjoy its benefits which are yours so easily. Feel its soothing, healing influence, if you suffer from eczema, you should know at once what Poslam can do for you. It is your dependable remedy for any eruption: pimples, rashes, scabs, scales. Poslam is quality-healing power concentrated.

Powerful Drives—Steady Nerves—Clear Eyes

Sound health is manifest in men and women who first keep their digestive and eliminative organs in prime condition. For fifty years nothing has surpassed for this purpose.

ENO'S 'Fruit Salt'

(Dietetic Compound)
A Very Agreeable Aperient
ENO corrects and regulates in a natural manner the digestive process and the elimination of waste. It cures constipation and its many resultant ailments, such as headaches, indigestion, biliousness, nervousness, exhaustion and other ills.
A spoonful of ENO's Fruit Salt makes a tasty, bubbling drink pleasant to take. It is agreeable in taste, and for child or adult—anywhere—anytime. ENO'S is a large bottle. At all druggists.

DRS. SHORES & SHORES
THE RELIABLE SPECIALISTS FOR Men and Women
Look at Dr. Shores' record of 25 years of continuous success as specialists. Should not this convince you that you can safely trust your case with them? Do not invite permanent invalidity by a hasty, unwise, and unskillful treatment. Come and consult these well-known specialists, free of charge. Find out what your ailment really is and how you can be cured or benefited. Modern offices, low rates, the latest treatment, electricity, etc. Our Specialties: Catarrh, Gonorrhea, Syphilis, Bright's Disease, Diabetes, Inflammation, Piles, Gleet, Complicated, Leprosy, Scrofula and other Chronic Diseases. The Nervous System, Rheumatism, Bowels, Heart, Lungs, Bladder, Kidneys, Stomach, Liver, Gallbladder, Lymphatic System, etc. 625-24, Linsner Bldg., 524 E. Spring St., Los Angeles. Office Hours: 9 to 5; Evenings, 7 to 9; Sunday, 10 to 12.

DELIGHTFUL HAIR WASH
You can enjoy a delightful shampoo with very little effort and for a very trifling cost. If you get from your druggist a package of canthox and dissolve a teaspoonful in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just the top of the head. Your shampoo is now ready. Just pour a little at a time on the scalp and hair until both are entirely covered by the daintily perfumed preparation that thoroughly dissolves and removes every bit of dandruff, excess oil and dirt. After rinsing the hair dries quickly with a softness that makes it seem heavier than it is, and takes on a rich luster and a softness that makes arranging it a pleasure. (Advertisement.)

STUDENT TRIES TO KILL SELF.

Angelo Junior at Cornell Attempts Suicide When Love is Unrequited.

(EXCLUSIVE DISPATCH.)

NEW YORK, June 23.—Scott, Thorneburg of Los Angeles, a junior law student at Cornell University, attempted suicide today by shooting. Unrequited love, according to persons who professed to know the circumstances, was the cause of his act. Before he fired Thorneburg wrote letters to a girl and a girl whose name has not been divulged. His condition is critical.

WILL CLOSE STREET.

Council Votes for Vacating of Hollywood Thoroughfare.

After a long fight by affected property owners to prevent the vacating of Argyle street, Hollywood, the City Council yesterday by a vote of 7 to 3 adopted the ordinance of intention to close the thoroughfare. Councilmen Maland and Conway opposed the action, which has been urged by Frank Garbutt and Charles Christie.

IRA A. STUBBS IS "IN AGAIN."

Much-Troubled Realty Man is Now Charged with Fraud.

Customer Says He Held Out Money to Clear Liens.

Four Times in Court on One Previous Accusation.

Ira A. Stubbs, noted for his troubles as a local real estate agent, was arrested yesterday upon a complaint issued by Dep. Dist. Atty. Becker, charging him with obtaining money under false pretenses from A. Bernard, formerly a waiter at the Haymarket Hotel. Stubbs is accused of inducing Mr. Bernard to give him \$475 upon the representation that Stubbs would purchase street improvement liens on lots Nos. 17 and 18, Bimble Place, and that he knew that the owners would default in paying the assessment against the property. According to Mr. Becker, Stubbs said he was sure that the property would then be subject to the liens and fall to the holder of the liens.

The People and Their Daily Troubles

OUR MYSTERIOUS SELVES

BY JANE DIXON.

Fashionably dressed women of today, gowned within the bounds of good taste and with an eye to attractiveness of toilet, may spend \$10,000 on a single outfit—exclusive of jewels.

Not only may they spend this neat little fortune on the feathers of their frock, but they quite generally do. It is quite possible to walk into the Fifth or the Plaza or any one of New York's smart hotels any evening and see the eyes on a number of these four-figure ensembles.

Moreover, what is happening in New York's fashionable playgrounds is happening in her more exclusive homes along the upper east side. In the Bohemian ballrooms of Broadway and in their counterparts all across the length and breadth of the town.

DRESS A DISEASE WITH SOME.

There are certain women with whom dress is a positive disease. Without overly rich details they are utterly and entirely miserable. These women would rather suffer than have their husbands' friends look at them with an air of incredulity and well-willed sympathy.

There are certain other women to whom the cost of clothes means nothing. It is not necessary for them to consider such trifling details as their husbands' friends look at them with an air of incredulity and well-willed sympathy.

LOOKED AWFULLY RETURNING.

"Well," confessed the married husband, "I don't seem a bit sleep. I was counting it up only last evening, from a bunch of bills that blew in with the first of the month. Marian was bought some new evening gown, of course, with her position, the places she goes, the people she knows, she must have the best. She looked awfully stunning the other night at the B— dinner-dance. Her makeup for the evening set me back just \$15,000. Jove, she was worth it, too. If a fellow only could afford the price."

AMERICAN STYLE TO PARIS.

"I'm joining the American fashion crusade in their proposed invasion of the Paris scene," explained Miss Boba. "Look at this lovely white chiffon frock with the delicate modalline. I believe it will win it to the races over there—with a black lace hat, black lace gloves, black lace mitts and black lace stockings. I believe it will win the enemy to suffer a chill in the region of his bank balance."

VISION OF LOVELINESS.

The glimmer of the black box opened on the scene just in time to behold a vision of loveliness. A sort of shimmering white cloud shot with silver, tinged by the first flush of dawn, billowing into the room. Above it was a hint of the best heat lightning of a summer night, and the tawny blackness of an oncoming storm. Below, sharp points gleamed against a silver sheen of mist, faint pink just distinguishable behind the veil. And all about

GASOLINE ALLEY—YOU SEE IT'S PERFECTLY SIMPLE

LETTERS TO "THE TIMES."

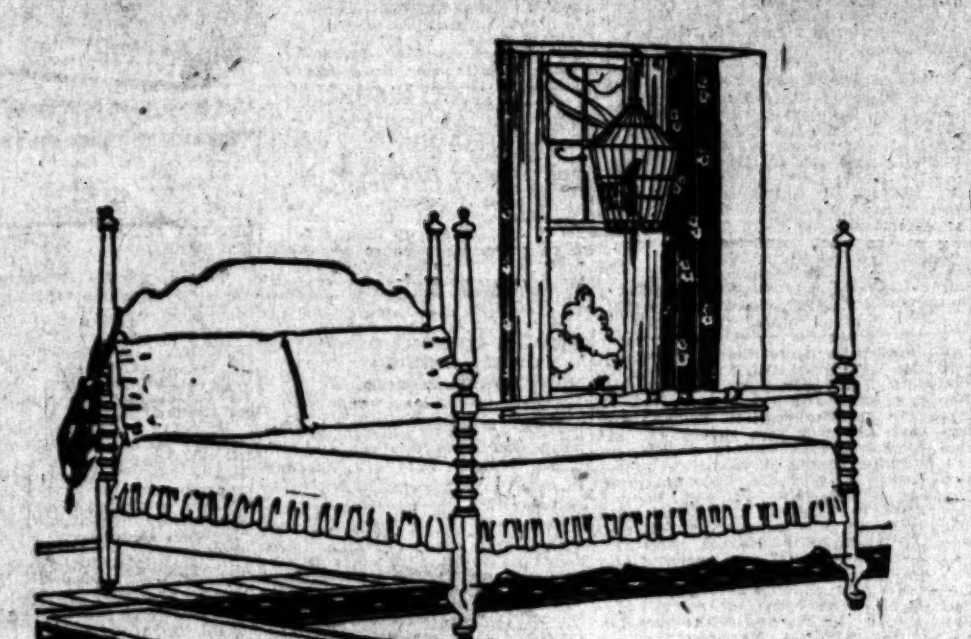

Up and At 'Em.

LOS ANGELES, June 23. — [To the Editor of The Times:] No one was more thankful when the time for taking the 1920 census rolled around than I. "Here," I mused, "will be the end of the long, stale fight between the two cities of San Francisco and Los Angeles, and their attempts to grant to themselves the supremacy of the Coast." San Francisco's census was announced. Not a murmur arose from the city of Angels. Then, a few weeks later, came the official figures for Los Angeles with a howl from our northern suburb that was heard from one end of the other. Sportsmanlike? Hardly. They charged us with everything from bribery to counting the movie extras twice, all because of our lead of 70,000. No, the fight is not over. It's just begun.

Pasadena Furniture Company's

Reduplication

Entire Furniture Stock

Bargains in Beds

\$160.00 Poster Beds, \$144.00 Each
Colonial four-post twin beds in mahogany.

\$90.00 Poster Beds, \$68.50

Adam Period style in gray enamel.

\$34.50 Twin Beds, Each, \$29.85
Adam Period style in ivory enamel finish.

Basement Specials

Seng-Equipt Beds, \$17.25
White or ivory enamel wood beds in three sizes.

Full Size Iron Beds, \$7.75
One-inch post, five fillers, refinished in white or ivory.

Mattress Specials
New mattress for 3/4 or 3-ft. beds.

Our location in Pasadena at Raymond and Holly enables us to sell on a much lower percentage of profit than would be the case in a locality where rents were higher.

Closing Out Our Bedding Department

Crowded out by our fast growing Drapery Department, the Bedding Department must go "by the board." The space it occupies on the rear of the Mezzanine floor will be given over to the new drapery materials which are arriving most every day.

—Twenty people are employed in our drapery workrooms and other branches of the drapery service, so it is imperative that this department have all space possible. So, the splendid stock of bedding is on sale at greatly reduced prices. Although the supply is a large one, the low prices on these staple goods are attracting quantity buyers, so our advice is to not delay your coming.

—We refused a liberal offer for the entire stock in order that our customers might benefit by our forced sacrifice. We want all to share in this opportunity. The close-out consists of the following lines:

- Blankets and Comforters
- Mattress Protectors
- Bedspreads, Pillows
- Steamer Robes
- Bath Robe Blankets

Bond Market

BY C. F. SEIDEL.
Bond Department, Los Angeles Trust and Savings Bank.

"In the midst of perhaps the most feverish period of anticipation which political Washington has witnessed in a generation when attention is fixed upon thoughts of presidential nominations, something has happened of transcendent importance to the industry and commercial development of the United States that may well be called epochal.

"For, after ten years of controversy and debate, a conservation measure—the biggest ever attempted in the history of the American republic—has finally passed the White House for the signature of President Wilson.

"Both houses of Congress have just passed the measure which releases the water power of the nation to private development and the President will sign it. It thus ending a controversy that was the last of the big nations of the world to harness its water for industrial use."

By the way David Lawrence, the well-known writer, described this important bit of legislation. Since he wrote these words, President Wilson has attached his signature and the act is now law.

"The simple legislation, which leases the water power in streams as part of the country to the other, 'white coal,' as electrical engineers call it, will be developed, whether the stream is called by engineers, will suddenly become an important source of black coal," Lawrence continued. "Water falls do not strike, they don't stop at the behest of the walking delegate. Power is available for industrial development not merely in the mountains of the East but in all parts of the West where hitherto only land for coal from Eastern mines has made the building of power out of the question.

The measure provides that the Secretary of War, the Secretary of the Interior and the Secretary of Agriculture shall constitute a commission to survey what sites may be developed, whether the stream is called by engineers, will suddenly become an important source of black coal," Lawrence continued. "Water falls do not strike, they don't stop at the behest of the walking delegate. Power is available for industrial development not merely in the mountains of the East but in all parts of the West where hitherto only land for coal from Eastern mines has made the building of power out of the question.

It is the greatest achievement of the present Congress. Yet it hardly seems like a law. Long after the excitement over the presidential election has died down the conservation bill will be developing new cities and building new cities in the valleys of the country; more will be available for irrigation and the arid lands of the West will be growing crops. It took 10 years to get the legislation, but the benefits will be for generations to come."

In the meantime California power companies, to meet increased demand for service, are making every effort to extend their hydro-electric plants as to enlarge their output. An instance is the Pacific Gas and Electric Company. Through its purchase of the Mount Shasta Power plant in 1917 and the subsequent acquisition of the Northern California Power Company, Consolidated, and through recent purchases of properties in the Pitt River Basin, this company has obtained control of one of the most valuable water power situations in the United States. It is the company's plan to develop this power in several plants, estimated that the substitution of hydro-electric energy for current generated by steam will effect a saving of \$2,000,000 per year in cost of electricity.

It is therefore makes the \$10,000,000 Pacific Gas and Electric Company's 7 per cent Convertible Gold Notes issue a desirable investment. The Bond Department of the Los Angeles Trust and Savings Bank has these bonds at 97 1/2. Their yield is 7.70. Comp. in and talk to

NEW YORK STOCK EXCHANGE

(BY A. P. NIGHT WIRE.)

NEW YORK, June 23.—Lacking guidance from any constructive quarter, today's session of the stock exchange was dull and superficial from the irregular opening to the apathetic close. The ticker was motionless for long intervals and many losses which usually contribute to the day's business were relegated to obscurity.

Financial, industrial and related considerations seemed to play no part in the day's operations and pools evidently found it unprofitable to continue their recent tactics in selected specialties.

Steels, equipments, oils and services of the food issues furnished the only noteworthy movement, notably Crucible, American Car, Baldwin, Mexican Petroleum, sugar and corn products. These kindred stocks finished at variable advances. Sales amounted to 300,000 shares.

The money market reflected the general inertia, call loans repeating

FINANCIAL AND TRADE REVIEW.

(Continued from Preceding Page.)

reveals the same optimistic viewpoint reflected in this department. The commercial disturbance so widespread in the East and Middle West does not appear to have yet reached Los Angeles. It says, "Immense activity still prevails here. This section has not closed the most successful tourist season of her history. All the products of the soil have been selling well. She has a resident population of retired people who keep considerable money in constant circulation. All of her labor has been constantly employed at high wages. These things have given the people a very large purchasing power, which has made trade conditions active."

Reinforcement on the part of all government officials and agencies, national, state and local in the most crying need of the hour. Governmental extravagance in the foundation of all the woes we are suffering from."

A Good Seller.
E. H. Rollins & Sons report that the sale of the West Boylston Manufacturing Company's 8 per cent cumulative preferred stock, offered recently by that firm, is exceeding expectations, and that the entire issue will be closed out in a short time.

Chain Drug Store Idea.
The chain drug store idea is said to be developing faster in Los Angeles than in any other city in the country. Both the Great Western and Sun companies have materially extended the scope of their operations during the past few months, and still greater expansion is planned. The present "drug store," however, would provide several chains to the druggist, and compounded prescriptions, and sold tooth brushes on the side. The drug store of today has been described as a baby department store, and the description is not far wrong.

Los Angeles Stocks.
The market yesterday was comparatively lifeless, except for activity in Tom Reed, which continued to furnish the first of the day's sensational rally of Monday and Tuesday. The Calman mine continued to climb through the Wednesday trading hours, opening a point above the preceding day's close and advancing steadily to closing sales at \$1.42. Sixty-three hundred shares were involved in the transactions. Other mines which made a showing in the sales columns were Adams, 27.50 cents; Argo, 13 cents; Gold Dust, around 18 cents; Telluride, 7 1/4 cents; Sunnyside, 4 cents; Virginia Louise, 25 cents. Oils were quiet and weak. A thousand shares of American Crude changed hands at 22 cents. Masear was at \$1.42. Midway Northern, 56 cents; Palmer, 23 cents; United, 74 cents; Union of Delaware, \$2.10. The market was confined to Goodyear, preferred, at \$12.50, and Edison, common, \$14.44. The market will probably move along without material change for the next few days, and the condition described in New York, "a waiting affair, with professional contraband," applies equally well here. Liberty Bonds were quiet and without material price change.

Sell Stamp; Win Prize.
Two hundred and fifty dollars in cash donated by patriotic citizens has been offered in prizes to California postal clerks, carriers and third-class postmasters for the largest sales of Thrift Savings Certificates during July, August and September. The contest will be under the jurisdiction of the government savings organization of the Twelfth Federal Reserve District here.

In a letter to postmasters announcing the contest, Theodore H. Harned, director of government savings organization for the Twelfth Federal Reserve District, said: "It is imperative that the people be aroused to the fact that the consequences of the war are as serious as the war itself; that we owe \$22,000,000,000; that this must be paid; that we must pay it as all debts are paid—by hard work and saving of pennies, nickels, dimes and dollars. It should be impressed upon the contestants that this is a great national service, not only from the war angle, but that it is the only way to economic independence and better citizenship. The savings citizen is an asset to his community."

Dairy Co-operation.
California Central Creameries has made a very practical suggestion for closer co-operation between dairymen and the manufacturing and sales branches of the dairy industry of the State, by inviting its dairymen to become stockholders of the company.

The opportunity for this offer came in the recent issue of stock that is being largely subscribed by the present stockholders. The dairymen are now invited to participate in the issue upon the same terms and conditions as those enjoyed by the present members of the company.

As stockholders the dairymen will have the right to attend stockholders' meetings, examine the books and records, and in time, and in other ways become more closely associated with the operations of the company.

It is believed this plan will go far to eliminate the possibility of misunderstandings, and will be a material step in the progress of this important food industry in the State.

For \$300 you can buy
1 share Common Stock and
2 shares 7% Preferred Stock

In the largest tire manufacturing business in the world

THE GOODYEAR TIRE & RUBBER COMPANY

(OF AKRON, OHIO)

Common Stock of the GOODYEAR COMPANY sold last year as high as \$430 per share. Today, after the payment of a stock dividend of 150% the 14th day of this month, this stock is still selling at approximately \$130 per share.

During the last 13 years the total dividends upon this Common Stock have amounted to 708% of which 138% was paid in cash and the balance in stock. The Preferred Stock bears 7% interest.

The Company has announced its intention, if conditions warrant, to continue dividends on the Common Stock at the rate of 10% per annum hereafter. This would provide holders of blocks of 3 shares a minimum yield of 8% with the possibility of larger return through extra dividends on the Common Stock.

Business of the Company for the 6 months ending May 1 of this year exceeded that of the preceding fiscal year for the same period by 59.3%. Estimating the total sales for the year 1920 on the basis of the first 6 months, the total will be \$225,000,000 with estimated net earnings of \$30,000,000.

We consider this stock an exceptional opportunity and shall be glad to give you additional information as to the Company's history, business, sales, earnings, dividends on Common Stock, Preferred Stock safeguards, or any other facts desired.

One Week From Today Is Interest Day

July First the Savings Banks pay mid-year interest and many coupons on bonds become due. It is an opportune time to make new investments.

Never before has the present generation had such an opportunity to make safe investments accompanied by interest returns from 7% to 8%.

The interest yield on high-grade bonds is now greater than at any time since the Reconstruction Period following the Civil War.

Our July list will include many attractive issues yielding from 7% to 8%.

An Excellent Real Estate Loan

One of the most desirable investments obtainable is a first mortgage loan on high grade farm lands, which is not in excess of 40 per cent of the value of the land; especially so, if it can be made for a comparatively long term at the existing high interest rate.

The first mortgage 7 per cent 10-year Gold Bonds of the Miller & Lux Company of California, we think offer an unusual purchase for the investor, and we cannot recommend them too strongly, both from a standpoint of price as well as security.

We are offering these bonds at par and accrued interest, and will gladly furnish full particulars upon request.

CORN PRICES UP ON COVERING MOVEMENT.

GENERAL BUYING, LESS FAVORABLE CROP REPORTS STRENGTHEN MARKET.

EXCLUSIVE DISPATCH

CHICAGO, June 23.—Grain market was

radically bullish at the start, and corn

was 24 1/2c under general commission

and selling. Some shipping orders were

received 1 1/2c for September, but the

market there was an excellent chance of

a strike of switchmen on some of the

roads, a wave of short covering from

the market, and the heavy bid from

Chicago in their position at the last.

The market was very active with corn

and higher, ending 18 1/2c. The market

was very active with corn and higher,

ending 18 1/2c. The market was very

About The Coast Tire and Rubber Company

Freight Saving

Tires made and sold on the Pacific Coast represent a saving of freight which amounts to from \$1.25 to \$1.92 on every tire.

Our crude rubber will be received through the port of San Francisco and our fabric made of cotton that is grown in the Imperial Valley and woven right in Oakland by the California Cotton Mills Company.

These savings alone will pay handsomely dividends to our stockholders.

The California State Corporation Commissioner has authorized the sale of our securities.

IN OFFERING THIS STOCK to the public we believe we are presenting an investment that promises more than ordinary returns for the money.

Secret Service Agent Says Note Is Dangerous Counterfeit.
Secret Service Agent Hazen of the U. S. Treasury Department, reported yesterday the appearance of the most dangerous counterfeit bill met with in his experience of twenty years on the Pacific Coast. It is of the \$10 denomination, of the Federal Reserve Bank, Chicago, known as 7-G. The number is 9150569-A.
The blue seal on the face of the bill is dim, broken and a bit off color, Mr. Hazen states; the fiber of the paper is imitated with pen and ink, the lath work is not up to standard and the back of the note is an off color green and a bit blurred.
Agent Hazen says that while these defects are plain to the practiced eye, the counterfeit is clever enough to fool the public. He asks that those coming into possession of a note of this description communi-
cate at once with him.

CLUB WOMAN WINNER OF CONTESTED SUIT.
Mrs. Emma S. Boyd who sued for separated maintenance but never changed her plea to divorce, was granted the decree from Ambrose (Bruce) Boyd by Judge Taft yesterday. Mr. Boyd asked for a divorce in a separate suit, but the charges charged cruelty. The court divided the community property.
Mrs. Boyd is prominent in lodge and club circles.

May 1, 1935	70 1/2	70 1/2	<p>THREE SCORE FINISH.</p> <p>Bible Institute Students Will Hold Commencement Program Tonight.</p> <p>Sixty-seven Bible Institute students will receive their diplomas at graduation exercises at 7:45 p.m. today in the auditorium of the institute building at Sixth and Hope streets. Sixty of the students are from the day classes and seven from the night school. They come from sixteen different States and three foreign countries. Some of them have already been accepted for work in foreign missions and others will work in this country as home missionaries or pastors' assistants.</p> <p>Rev. James Leishman will make the main address at evening. Dr. A. J. Stewart, president of the Institute's board of Directors, will present the diploma.</p>	<p>CONSIDER SMALL SON.</p> <p>DROP DIVORCE FIGHT.</p> <p>The contested divorce suit of Margaret P. White against Walter E. White was dismissed by Judge Craft yesterday when it was stated by the attorneys that Mr. and Mrs. White had become reconciled. Mrs. White charged cruelty. In a cross-complaint, Mr. White asked that he be given the decree. A minor son is said to have been the main cause for the parties agreeing to keep the home intact.</p>	<p>Banks, Huntley & Co. The Story of Modern Bread Making—Chapter V.

THIS!
Salt does make a
difference

As an Ingredient in Bread

HOLSUM Bread is truly
"The Perfect Food Ration"
"Made With Milk and Honey"

Our care in buying salt is just another factor contributing to the standard quality of **HOLSUM** Bread.

The surple was filed by Attorneys Ingle Carpenter and M. J. Pinkelstein, counsel for Mrs. Orattti. Statutes provide that she is in indigent circumstances and too aged and infirm to earn her own livelihood. Mrs. Orattti is 62 years of age and has no income. Her husband's property in addition to a sum of \$500 monthly for her maintenance is valued at \$10,000. Mrs. Orattti's business, she asserts, nets him a monthly profit of \$1000. Mrs. Orattti's husband has been drinking since their Grattan-street home and requests the court to issue an order restraining her husband from molesting her by joining him from visiting the home.

Mrs. and Mrs. Orattti have seven children, four of whom are over 21 years. Three of them are married.

A thorough investigation will be started by the Federal grand jury tomorrow, of the affairs of the Sutherland Fruit Company and its president and treasurer, W. F. McShane.

The new building will contain about 400 office rooms, in addition to the theater. While the theater will be used primarily for motion pictures, a large stage and equip-

On account of increased steamship business in and out of Los An-

able to handle its Central and South American and Atlantic Coast steamers. During the coming year, agent M. F. McLaurin says that there will be, at times, three or more steamers of this line in the harbor at one time, and for this reason, increased docking space is necessary. Next fall the company will establish passenger service from Los Angeles through the Panama Canal to Baltimore. A freight service was recently placed in operation between the same ports.

"The finest House Dress in America," they have been called. This occasion offers a splendid opportunity to fill your needs in dozen lots. The prices are made possible through cooperation with the manufacturer who has let us have this extensive assortment at about the cost of production. The savings are passed along to you.

Among the dresses at 5.00 are some of fine, imported French goods—soft, smooth and exquisite in coloring. Others are of all white, crisp and dainty, pictures of cool, snowy daintiness. Still others are of percale, washable and there's a host of colorings and patterns in gingham. Models are exceptionally smart. And every one is carefully, thoroughly made. "Mina Tryst" stands for that.

Sizes for girls and small women among them all, as well as regular sizes.
